JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

*Report from Salina Cruz—Inspection and fumigation of vessels—
Health conditions satisfactory.*

Acting Assistant Surgeon McPherson reports, November 1:

Period October 16 to 31 inclusive. One vessel cleared from Salina Cruz for the United States, the steamship *Alaskan*, which left this port October 23, bound for San Diego, Cal., and was fumigated throughout while in the roadstead outside the harbor.

Health conditions in Salina Cruz and the district continue very satisfactory.

Report from Veracruz—Inspection and fumigation of vessels.

Acting Assistant Surgeon Frick reports, November 4:

Week ended November 2.

October 27. Fumigated the American (tank) steamship *City of Everett*, bound for Port Arthur, with 33 in the crew; vessel sails in ballast. Fumigated the Norwegian steamship *City of Mexico*, bound for New Orleans via Tampico, with 22 in the crew and 1 passenger; vessel sails in the remainder of an American cargo.

October 28. Inspected the British steamship *Maria de Larrinaga*, bound for Galveston, with 36 in the crew; vessel sails in ballast.

October 30. Inspected the German steamship *Dania*, bound for Galveston, with 53 in the crew; vessel sails in ballast.

October 31. Inspected the American steamship *Morro Castle*, bound for New York via Progreso and Habana, with 121 in the crew, 87 cabin and 17 steerage passengers; vessel sails in a general cargo.

November 1. Inspected the British steamship *Chancellor*, bound for New Orleans via Puerto de Mexico, with 39 in the crew; vessel sails in the remainder of a European general cargo. Inspected the British steamship *Corinth*, bound for New Orleans, with 27 in the crew; vessel sails in ballast. Inspected the Cuban steamship *Vueltabajo*, bound for Mobile via Frontera and Laguna, Mexico, with 19 in the crew and 3 cabin passengers; vessel sails in the remainder of an American general cargo.

November 2. Inspected the Danish steamship *Nordamerika*, bound for Tampa, with 21 in the crew; vessel sails in ballast. A bill of health was issued the Norwegian steamship *Kristiania* and the British steamship *Framfield*. As neither sailed during the week, they will again be mentioned in my next report.

NICARAGUA.

Report from Bluefields, fruit port.

Acting Assistant Surgeon Layton reports as follows:

Week ended October 26, 1907. Present officially estimated population, 2,800. General sanitary condition of this port and the surrounding country during the week, good. Rains continue. *Stegomyia calopus* abundant.
